11 Days to New Year's Eve

NEW YEAR'S EVE NUMERALS ARRIVE IN TIMES SQUARE
After coast-to-coast tour with the Kia Telluride X-Pro

Tuesday, December 20
11:00 a.m.

Eleven days before the highly anticipated December 31 Times New Year's Eve celebrations, the giant, seven-foot-tall numerals for "2023" will arrive in Times Square on the **Times Square Plaza between 46th and 47th Streets on Tuesday, December 20 at 11:00 a.m.**

The famous numerals will arrive after being transported on a cross-country trip by the 2023 Kia Telluride X-Pro. The coast-to-coast tour started at the Kia Forum in Los Angeles, California and visited holiday events in Nevada, Tennessee, Washington D.C., and Pennsylvania, giving people across the country an opportunity to cheer the arrival of 2023.

The numerals will stay on the plaza and members of the public will have the opportunity to take photos with them through noon on Friday, December 23. Afterwards, the numerals will take a short rest before being placed atop One Times Square, officially completing the "2-0-2-3" sign that will light up at midnight on December 31.

The four numerals use a total of 602 energy efficient LED bulbs; the numeral "2" contains 145 bulbs, the "0" contains 164 bulbs, and the "3" contains 148 bulbs.

Tom Harris, President of the Times Square Alliance, **Jeffrey Straus**, President of Countdown Entertainment, co-organizers of Times Square New Year's Eve, and **James Bell**, Director of Corporate Communications of Kia America, will be on hand to oversee the arrival. For more information, please visit: www.TimesSquareNYC.org.
