Four Days Until New Year's Eve

**Workers Install 192 New Waterford Crystals
On Times Square New Year's Eve Ball**

The new design celebrates the "Gift of Harmony"

At this annual event, workers with Landmark Signs will install 192 sparkling, new Waterford Crystal triangles featuring this year's "Gift of Harmony" design on the Times Square New Year's Eve Ball, **on Thursday, December 27 at 11:00 a.m. at One Times Square (42nd Street and Broadway).**

The Waterford Crystal New Year's Eve Ball is a geodesic sphere, 12 feet in diameter, and weighs 11,875 pounds. The Ball is covered with a total of 2,688 Waterford Crystal triangles that vary in size, and range in length from 4 3/4 inches to 5 3/4 inches per side.

For Times Square 2019, 192 new Waterford Crystal triangles will be featured on the New Year's Eve Ball, introducing the "Gift of Harmony". From individual notes, musicians magically produce beautiful chords. Like music's harmonic chords, the "Gift of Harmony" seeks the refuge of accord and compatibility amid the discourse of the world for the betterment of all. The new "Gift of Harmony" design utilizes small rosette cuts flowing into each other in beautiful harmony.
